

PEABODY COLLEGE TO CAMPAIGN FOR FUNDS

Local alumni of Peabody college Saturday were laying final plans for the opening of a campaign to secure funds for the building of a dormitory and dining room at the school in Nashville. The drive will open shortly, it was said, and will continue until sufficient finances have been raised for construction. Graduates of Peabody throughout the state have been asked to raise \$75,000 for this building. It is hoped to raise \$40,000 here.

Dr. Bruce R. Payne, head of the institution, was in Memphis Saturday with other members of the faculty. They were entertained at Hotel Chicago Friday night by local alumni at a banquet at which time some details were mapped out.

There is no dormitory for teachers at Peabody. It was pointed out, necessitating that those who matriculate for this course have to board out in Nashville. Figures given Friday night show that in the last five years 7,800 teachers had been trained at Peabody college. 5,000 of whom were Tennesseans. The alumni are expected to graduate in Memphis. They will be asked to aid in the campaign. Several subscriptions have been made, but the total was not made public. Bolton Smith, one of the school's trustees, has given \$1,000. Dr. Payne declared that Chattanooga has pledged more than \$20,000 and is now engaged in a drive to raise additional money.

KILLED MAN FIVE YEARS AGO; MUST STAND TRIAL

CRYSTAL SPRINGS, Miss., May 8. (Sp.)—Walter Dent, for a long time assistant attorney-general of Mississippi during the administration of Gen. Ross Collins and now a prominent attorney of Simpson county, spent a couple of days here this week in the interest of Tom Donahoe, who killed a man near Terry about five years ago. Donahoe made well his escape after the killing but was indicted by the grand jury of Hinds county for murder.

A few days ago, after a search of five years, he was located near Mendenhall in Simpson county and arrested and taken to Jackson to await his trial next month. Mr. Dent has been employed to defend him.

CRYSTAL SPRINGS SHIPS 34 CARS TRUCK IN 2 DAYS

CRYSTAL SPRINGS, Miss., May 8. (Sp.)—Wednesday and Thursday were busy days under the shipping sheds here. Many foreign brokers have arrived and the season has taken on the bustle of former years. Seventeen solid cars were shipped out Wednesday and an equal number Thursday. These shipments in the main consisted of peas and cabbage.

Prices are fine and from present prospects the movement will surpass in quantity any of former years, it being proven now that there has been very little damage done to the crop from the several severe spells of weather it encountered in the beginning.

NEWBERN SEES AIRPLANE.

NEWBERN, Tenn., May 8. (Sp.)—The first airplane to visit Newbern, arrived here Thursday afternoon from Kenton, Tenn., and made a number of flights here. The plane was the property of Bonnie L. McCullough, who is known to be the first man to have brought the first automobile and airplane to Newbern.

POLICEMAN'S CAR STOLEN BUT SOON ABANDONED

The auto thieves who stole the Ford car of Police Sgt. Edward C. Kunkin, late Friday, probably didn't know who the owner was. But more probably they soon found out and got cold feet, for the auto, undamaged, was discovered early Saturday on Southern avenue, near the Memphis Country club, where it had been abandoned a short time after being stolen. The sergeant had just left his car on Rayburn avenue, to make an investigation, when he heard the engine, and looked out to see it move away. He followed for a short distance, firing three shots, without avail. The car was discovered at daybreak by special agents for the Southern railway, who reported to the police station.

Fishing Time!
Don't forget to take along a plentiful supply of those good Flor De Melba Cigars from Samelson's.

MRS. MILLER BURIED.
Requiem mass was sung for Mrs. Margaret Miller, aged 40, at St. Bridget's church, Saturday, following funeral services at Collins' undertaking parlors. Burial was in Forest Hill cemetery. Mrs. Hill died Thursday night at St. Joseph's after a lengthy illness. She was the sister of Ed E. Pass, former police official. A son and daughter, three brothers, a sister and her father, survive.

There is no dormitory for teachers at Peabody. It was pointed out, necessitating that those who matriculate for this course have to board out in Nashville. Figures given Friday night show that in the last five years 7,800 teachers had been trained at Peabody college. 5,000 of whom were Tennesseans. The alumni are expected to graduate in Memphis. They will be asked to aid in the campaign. Several subscriptions have been made, but the total was not made public. Bolton Smith, one of the school's trustees, has given \$1,000. Cole Aero Eight (Stock Car) Makes 19.8 Miles, One Gallon Gas,

On Memphis Streets, Through Traffic
(Map Shows Route of Car)
ROUTE

Start: Salesroom Claypool-Jetton Motor Co., 735 Union Ave.; west on Union to Second St.; south to Gayoso; west to Main; north to Washington; east to Dunlap; south to Union; east to Speedway; north to Poplar Pike; east to Highland Ave.; south to Central; west to Speedway; north to Madison; west to Front; south to Monroe; east to Union (at Marshall); east to Cooper, where car stopped after using exactly one gallon of gasoline. Mileage 19.8. (Seven stops on account of crowded traffic.)

AFFIDAVIT OF OBSERVER

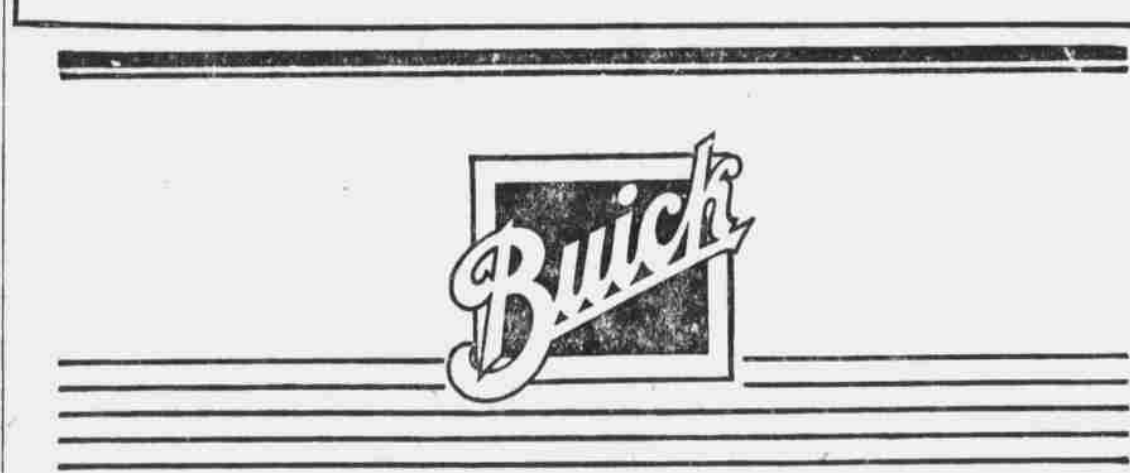

Personally appeared before me, Harold C. Rogerson, who stated that he observed the placing of one gallon gasoline in Cole Aero Eight stock car; that he was a passenger in the car, and that after following route given above the car stopped, having consumed exactly one gallon gasoline, and speedometer registered 19.8 miles.

Signed by
H. C. Rogerson
Harold C. Rogerson
My commission expires Jan. 29th, 1921.

The car was taken from salesroom floor, a regular stock car which has never been limbered up. Gasoline was drained from tank. Exactly one gallon ordinary gasoline was put in vacuum tank. W. H. Claypool drove the car, with Mr. H. C. Rogerson as observer. No trick driving was done. Car was driven into traffic within speed limits and complied with all city regulations.

Tests like this prove, not that all Cole cars will deliver 20 miles to gallon, but that high-grade cars do not waste fuel. We do not believe this particular Cole Aero Eight is any better than others we are delivering. Nor is it unusual for Cole Aero Eight to run 15,000 miles and upward on one set of tires.

HERE is a seven-passenger touring car of exceptional character—the Buick Model K Forty-Nine.

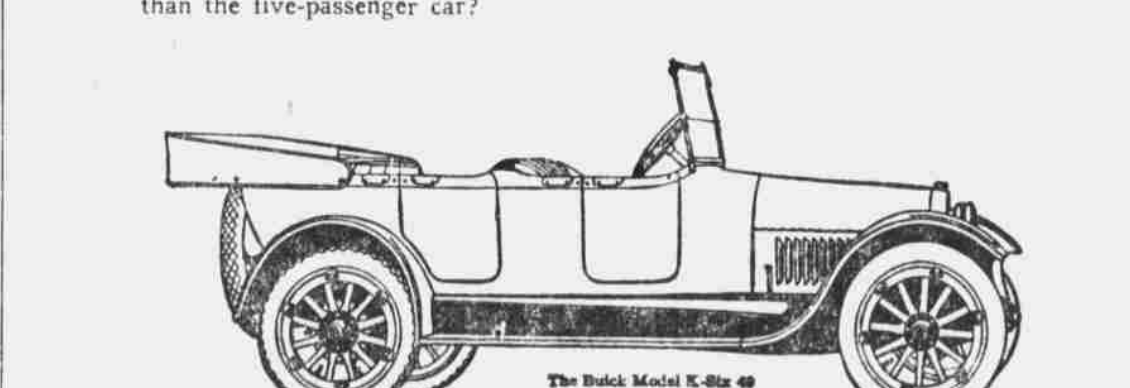

It is an individual car—one that meets a more exacting requirement than the ordinary types in which larger carrying capacity is demanded.

For city or country driving this roomy Buick fulfills the demands of each owner, particularly those who desire a family car of beauty, comfort and economy.

Its popularity in demand and selection conclusively proves it the choice of the majority of all such buyers—and each day finds additional purchasers placing orders for future delivery.

Did you know that this seven-passenger car is the same chassis as the five-passenger car, with the exception of the size of the body and the over-size tires?

Did you know that this seven-passenger car turns in a shorter turning space than the five-passenger car?

USED CAR SHOW TO BE CONTINUED THREE DAYS

Anticipating a better break with the weather man the coming week the Memphis Automobile Dealers' association Saturday completed arrangements for continuing its "used car show" for three days, commencing Monday. Results from the show during the few bright hours of the past week, when it was not raining, convinced those in charge of the show that the venture would prove a big success if weather permitted. Inasmuch as there is no building available in which to hold the show, it is being held in the open on the lot opposite Forrest park, between Main and Dunlap streets. The crowds have been fair, despite the inclement weather.

As the show is sponsored by the association, all cars offered for sale are backed by responsible firms and are granted to give value received.

KNABE
EST-1872

RATES SUSPENDED.

WASHINGTON, May 8.—Suspension of schedules proposing increased rates on coffee from Galveston and other Gulf ports, was ordered today by the interstate commerce commission. A hearing on the increase was ordered.

TURKS GIVEN TREATY.

PARIS, May 8.—The council of ambassadors today decided to give Turkey a month to consider the peace treaty which will be presented to the Turkish plenipotentiaries in the cloakroom at the foreign office next Tuesday.

HUNT MADE DEFENDANT.

CINCINNATI, O., May 8.—Henry T. Hunt, member of the federal labor board, and former mayor of Cincinnati, was today sued for divorce by Mrs. Thomas Haydock Hunt.
